Making Your Calculator Work for You

Presented by Paula Whitfield

Has it been a while since you’ve used a calculator? Are you puzzled by all those seemingly cryptic buttons?

Learn how to make the most of your calculator as you brush up on old skills and acquire new ones. This workshop will examine features of both the TI-30 and TI-84, but feel free to bring in your personal calculator and your questions. This interactive workshop will help you learn the correct keys and functions to maximize your calculator’s capabilities.

Thursday
January 14th
12:00 pm
Building 3 Room 122

Open to ALL students in ALL classes.

For more information, contact LEC Director James E. Casey at james.casey@beaufortccc.edu or 940-638.
